# general information

**Terms of Sale**

All prices listed are delivered pricing to the 48 contiguous states. Orders shipped to Hawaii, Alaska, and Puerto Rico ship to the port of embarkation. Product specifications and pricing is based on the information at time of publication. Symphony reserves the right to make changes at any time without notice regarding product specifications and pricing. Terms are Net 30 from the date of shipment (net 10, 1% discount). Prices are subject to change annually for changes in accordance with state contract regulations. All customer/nonstandard products are subject to a fifty percent (50%) advance deposit. There will be a service charge of 1 1/2% per month on all invoices past due. Symphony reserves the right to use its own or commercial carriers for the "best way" to ship, at its sole discretion.

**Quality Standards**
Symphony Furniture products meet or exceed applicable ANSI/BIFMA durability and safety standards when properly installed with appropriate size base.

**Warranty**
All Symphony products are guaranteed against defect for a period of ten (10) years. Electrical items and height adjustment mechanisms are guaranteed against defect for a period of five (5) years. Symphony will replace or repair (at our discretion) without cost to our customers any item found to be defective as a result of defective material or workmanship. This excludes any item which has been abused or subjected to any use other than that which was originally intended for our product. Any repairs by our customer must receive specific written authorization from Symphony before work is initiated. This warranty is given to the initial purchaser and is valid for as long as the product is owned by the initial purchaser. The warranty, which runs from the date of manufacture, covers defects in materials and craftsmanship found during normal usage of the products during the warranty period. If a product is defective, and if written notice of the defect is given to Symphony within the warranty period, Symphony at its discretion will either repair or replace the defective product with a comparable component or product, or provide a refund of the purchase price. In no event shall liability under this warranty exceed the original purchase price. Warranty on plastic laminates is not covered by Symphony but is covered by laminate manufacturers under their specific warranty only. There are no other warranties expressed or implied. This warranty does not apply to damage caused by a carrier, alterations to the product not expressly authorized by Symphony. Symphony does not warrant the matching of color, grain, or texture except to within commercially acceptable standards. A product will not be considered defective, and Symphony will not be obligated to replace it, if that product is subject to any of Symphony's written planning, installation or user guides, and is not installed or used as recommended.
Please note that all Losa tables and conference/media tables should not be moved as a complete unit after the product has been assembled. If it is moved, then this could result in the tables being "racked" which could also disrupt the top plate and/ or cam lock routing and predrilled holes. This type of damage is not covered under warranty. In order to move a table, you must unassembled the table completely and re-assemble it in the new location.

# terms and conditions

**Shipment Damage Claims**
Legal title of merchandise passes to the buyer upon acceptance of the carrier. All merchandise is packed to comply with carrier requirements. Shipments should be carefully inspected by the consignee before acceptance and the delivery carrier should be requested to record any damage or shortage. If further damage is found after delivery, immediate inspection by the delivering carrier should be requested. Notification of concealed damages must be made to the delivering carrier within 5 days after delivery of merchandise. Carrier liability ceases after this period. Damaged freight must be kept at the point of delivery in the original packing for inspection by the carrier. Please be advised that if the carrier obtains a clear receipt for shipment, they are no longer responsible for damage or shortages. Please note that electronically signing the carrier's tablet at the time of delivery means that you are accepting the delivery and no damages are being notated. If you see anything that indicates a shipment has been tampered with or shows signs of damage, then ask the driver to report it to the freight company and take pictures.

**Shipment Shortage Claims**
Shortage claims reported after 10 days beyond shipment date will not be honored.

**Unopened Shipment Damage Claims**
Neither Symphony nor the carrier is responsible for concealed damage claims if shipments are left unopened. Notification of concealed damages must be made to the delivering carrier within 5 days after delivery of merchandise. Refusal to accept an order from the carrier does not relieve you of the responsibility for payment, and may incur additional charges.

**Lost Shipments**
Symphony issues a bill of lading to consignee on the date of shipment. If shipment is not received within 20 days of shipment date, notify us. Symphony and the carrier do not assume obligation for lost or damaged shipment claims after 6 months of shipping date.

**Title to Merchandise**
Title to merchandise shall pass to the buyer upon delivery by Symphony to the carrier. For purposes of risk or loss, all shipments are F.O.B. factory. Buyer acknowledges that once Symphony delivers the goods to the carrier, title to the goods and risk of loss will pass to the buyer. If the goods are damaged by the carrier while in transit, the buyer has the sole obligation of seeking recourse from the carrier.

**Returns**
Symphony will not permit return of materials without written consent if materials shipped are as acknowledged. Return shipments when accepted are subject to a re-handling/restocking charge, in accordance with the state contract after the merchandise is received and inspected. All freight or express charges must be prepaid on return shipments; otherwise, they will not be accepted. Damaged materials and all items specially built to order cannot be returned under any conditions.

**Repair and Replacement**
Any labor charges for correcting a manufacturing problem must be submitted and approved before correction is undertaken, if the units are under warranty. Labor charges will not be paid if the estimate was not submitted and approved prior to labor being completed.

# table care and maintenance

**Table Care and Maintenance**

**Laminate Surfaces, Vinyl & PVC edges**
High-pressure laminate is durable and requires minimal maintenance. To clean the surface, use a damp cloth or sponge and a mild soap or detergent. Rinse with clean, clear water. Wipe the entire surface, moving with the pattern and follow with a clean, dry, soft cloth. When a wood edge exists, follow "Wood Edge and Veneer" instructions.

Difficult "stains" such as coffee or tea can be removed using a mild household cleaner/detergent and a soft bristle brush, repeating as necessary. If stain persists, use a paste of baking soda & water and apply with a soft bristled brush. Light scrubbing for 10-20 strokes should remove most stains (excessive scrubbing or exerting too much force may damage the surface, especially gloss finish surfaces). Any remaining stains may require the use of undiluted household bleach or nail polish remover. Apply to stain and let stand no longer than two minutes. Rinse thoroughly with warm water & wipe dry. Step may be repeated. However, prolonged exposure of bleach to surface will cause discoloration.

Abrasive pads, scouring powders or cleansers may permanently dull & scratch the surface making the laminate susceptible to staining. Harsh chemicals such as oven, toilet or drain cleaners will etch & discolor laminates. If spills of these products occur, remove immediately, rinse thoroughly, and wipe dry.

High pressure laminates have high heat resistance, however exposure to temperatures greater than 135 degrees C (275 degrees F) is not recommended. Prolonged exposure to temperatures above 65 degrees C (150 degrees F) may result in separation of the laminate from the substrate. Protect the surface from heat generating appliances by using a trivet or insulating pad.

Do not use sharp objects directly on the laminate surface. A counter saver or chopping block is recommended.

HP laminate have excellent impact resistance. However, heavy objects dropped on the surface may chip or crack the laminate.

**Powder Coated Metal**
Clean with a mild soap solution and rinse with clean clear water. Wipe the entire surface and follow with a clean, dry cloth to buff dry.

**Chromed Metal**
Clean with a wet cloth or window cleaner. For scuff marks or heavy soiling, apply a non-abrasive automotive chrome polish as directed.

**Mechanical Parts**
Clean any lint or debris from the moving parts of the tilt or folding mechanisms. Do not apply any lubricant.
